

Aut 2: Home Learning Challenge!

Here are some home learning ideas for you to try. You can pick which you do and in which order.

Create a world map showing the continents. Then create a mnemonic to help you remember them.

Write a detailed book review.

Make a 3d model of an animal that is found in the Antarctic.

Plan your very own expedition. Where would you go? How would you get there? What would you take? Why are you going there?

Draw a graph representing the average temperature for Sheffield for each month of the year.

Make an origami snowflake.

Bring your learning in and we will tick it off each time. Bring this sheet back with you at the end of the half term.
