

Autumn 1

Where are we going?

Can the past help build the future?

In History we will be learning:

- About the history of technology
- How technology has changed in the children's life time.

In RE we will be learning:

- how different religions show 'selflessness'.
- What it means to give back to others.

Star Words

Chronology, century, legacy, optimistic,
Apprehensive, elated, glide, resistance

In French we will be learning:

- The French words for technological items, and how to pronounce them, then put them in a sentence.

In D&T we will be learning:

- How to make our own kites using a range of every day materials.
- To design and make a product to a high standard.

In Science we will be learning:

- About the properties of materials, and why which materials will be suitable for my D&T product.
- Practical experiments with a range of materials.

In Music we will be learning:

- To contribute to a music lesson.
- To perform a variety of cords, keeping the beat and tempo.

Linking our Learning

Maths: 4 operations to begin with, data (analysing YouTube viewers)

English: Recount (events of the holidays; Instructions to make their product.
